.

- For exact installation, data please write factory for certified dimensions
- Pump equipped with casing drain plug and ¼" NPT suction and discharge gauge ports

## **OPTIONAL EQUIPMENT**

# MECHANICAL SEAL DATA

will run a computer simulation of the system wide harmonics. If system harmonic levels are exceeded Armstrong can also recommend additional harmonic mitigation

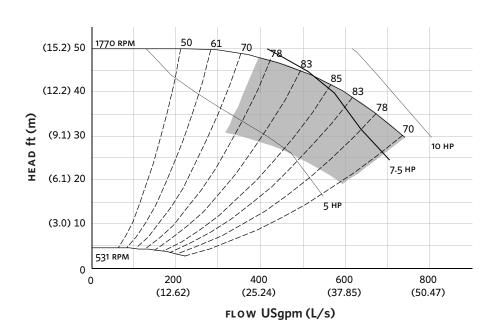

| Seal type: AB2          |  |
|-------------------------|--|
| Secondary seal: Viton   |  |
| Spring: Stainless steel |  |

and the costs for such mitigation.

Stationary seat: Sintered silicon carbide Rotating hardware: Stainless steel
