

DESIGN ENVELOPE 4322 TANGO

The Design Envelope model selected will provide flow reading on the controls local keypad & digitally for the BMs. The model

readout will be factory tested to ensure ±5% accuracy.

OPTIONS

SENSORLESS BUNDLE (STANDARD)

Operation of pump without a remote sensor. Includes:

- Sensorless control
- Flow readout
- Constant flow
- Constant pressure

Minimum system pressure to be maintained m (ft)

* If minimum maintained system pressure is not known: Default to 40% of design head

PARALLEL SENSORLESS (STANDARD)

Operation of multiple pumps without a remote sensor

Minimum system pressure to be maintained m (ft)

* If minimum maintained system pressure is not known: Default to 40% of design head

☐ ENERGY PERFORMANCE BUNDLE

Provides energy savings on oversized systems by adjusting pump parameters to on-site conditions. Includes:

- Auto-flow balancing Automatically determines control curve between design flow at on-site system head, and minimum (zero-head) flow for energy savings
- Maximum flow control Limits flow rate to pre-set maximum for potential energy savings

Maximum flow rate L/s (gpm)

□ PROTECTION BUNDLE

Protects other flow sensitive equipment by setting limits of pump operation. Includes:

- Minimum flow control Attempts to maintain flow rate to pre-set minimum to protect equipment in system
- Bypass valve control Actuates a bypass valve to protect flow sensitive equipment if pre-set minimum flow rate is reached

Maximum flow rate L/s (gpm)

ZONE OPTIMIZATION BUNDLE

Controls pumps to ensure multiple zones are satisfied for heating or cooling

 2 sensor control - Controls pumps in a
 2-zone application to ensure both zones are always satisfied for heating or cooling

□ DUAL SEASON SETUP

Pre-sets heating and cooling parameters for pumps in 2-pipe systems

Cooling

Minimum system pr	ressure to be maintained	

OPTIONAL SERVICES

ON-SITE PUMP COMMISSIONING

PUMP MANAGER

Online service for sustained pump performance and enhanced reliability.

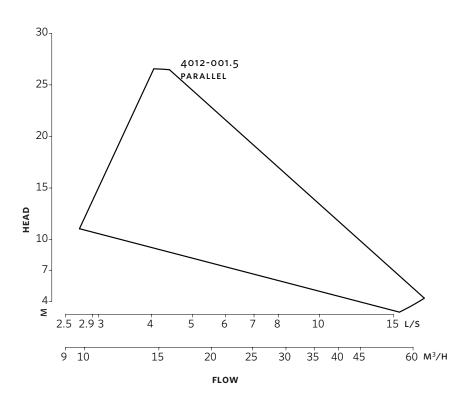

Available in 3 or 5 year terms

- * Requires an internet connection to be provided by building
- * Includes an extended warranty for parts and labour (wearable parts excluded)

^{*}Only available if sensorless bundle is enabled

^{*}Only available if sensorless bundle is enabled

3

Performance curves are for reference only.

Confirm current performance data with Armstrong ADEPT Quote or ADEPT Select selection software.

DIMENSION DATA

INDOOR (IP 55/TEFC)

Size: 40-125

KW: 1.5

RPM: 3300

Frame: 905

AB: 545 (21.47)

B1: 149 (5.86)

B2: 149 (5.86)

C1: 280 (11.02)

C2: 280 (11.02)

D: 176 (6.92)

E: 205 (8.08)

s: 104 (4.10) sp: 280 (11.02)

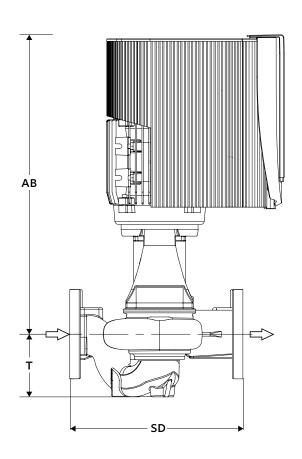

T: 102 (4.00)

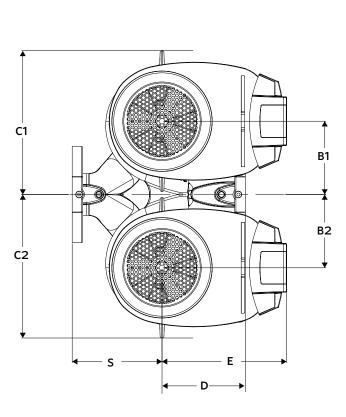

Weight: 59.9 (132)

Consult factory for **OUTDOOR** (IP 66/TEFC) dimensions

Dimensions - mm (inch) Weight - kg (lbs)

- Tolerance of ± 3 mm (± 0.125 ") should be used
- For exact installation, data please write factory for certified dimensions
